

2016 IRRIGATION SEASON

For Immediate Release
April 14, 2016

Irrigation Season Start Date Set

Great news for Oliver Irrigation Customers! The beginning of the 2016 irrigation season start date is confirmed for April 18th.

The temporary fix to the Gallagher Lake Siphon is complete and we are confident in that the repairs are favorable allowing for the irrigation season to start on Monday, April 18th. We will readdress what is necessary to fix the Siphon in the fall.

As of April 13, the Public Works Canal Crew began to fill and prepare the canal and all pump houses for the irrigation start up on the 18th.

The Town of Oliver appreciates the farmers' understanding during the challenge of this natural disaster and wishes them a bountiful season.
