

2021 FALL CHIPPING SCHEDULE

Town Chipping – Week of October 25, 2021

Municipal crews will be collecting branches ½” up to 4” diameter for chipping during the week of **October 25, 2021**. Crews are limited to a maximum of 10 minutes of chipping per residence; therefore, residents will need to make their own arrangements to dispose of large volumes of chipping items. Please ensure that all material is clean and free of any dirt or metals, i.e. nails or wire. Branches containing these materials will not be picked up. As plastic bags cannot be composted, it is preferred that materials be neatly bundled to allow a larger volume to be chipped within the designated time limit. Please place bundles on the boulevard only as crews **will not be entering private property**.

**Please have your material curbside by
7:00 a.m., Monday, October 25, 2021.**

For more information, contact the Town of Oliver's Public Works Office at 250-485-6213.

“It is an offence to accumulate any materials in a public lane or street other than during this designated clean-up period.”
